Isa 49:1

Written/Performed by: Only Won

(Hook)

It's pronounced like the number, don't get it twisted son

Pronounced like the number, like 3 2 1

Pronounced like when I'm finished that's when I'm done.

and written like a winner, haven't lost but I've won

(2 xs)

People be hittin' me up on Myspace and gettin' my name all wrong.

They say, "What up Juan, I really like your song.

Mr. WAN, that's tight, I'm diggin' your sound.

Are you Korean? cuz I've got a cousin there now.

No, my name's Only Won, and I've only just begun

pronounced like the number...numeral uno, son

like, I've won opposed to lost....calculated, counted cost

defeated the pressures of the world with the help from my boss.

Not a Won Ton soup or any other kinda food.

I'm not Juan Valdez, the Columbian coffee dude.

Won's not my last name so don't wear it out.

I'm not a dollar or a euro or monetary amount

Sounds like a number like 101 Dalmations

Tryin' to win lost soul and bring hope to the Nations.

I'm just one...huh...won by one.

gonna keep praisin till I die or till Jesus comes
